CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

This Quarterly Report on Form 10-Q contains "forward-looking statements" within the meaning of federal securities laws. Forward-looking statements give our current expectations, contain projections of results of operations or of financial condition, or forecasts of future events. When used in this Quarterly Report, the words "could," "may," "should," "will," "seek," "believe," "expect," "anticipate," "intend," "continue," "estimate," "plan," "target," "predict," "project," "attempt," "is scheduled," "likely," "forecast," the negatives thereof and other similar expressions are used to identify forward-looking statements, although not all forward-looking statements contain such identifying words. These forward-looking statements are based on our current expectations and assumptions about future events and are based on currently available information as to the outcome and timing of future events. You are cautioned not to place undue reliance on any forward-looking statements.

When considering forward-looking statements, you should keep in mind the risk factors and other cautionary statements described in this Quarterly Report under the heading "Item 1A. Risk Factors", and under the heading "Item 1A. Risk Factors" included in our Annual Report on Form 10-K for the year ended December 31, 2022 and the risk factors and other cautionary statements contained in our other filings with the United States Securities and Exchange Commission.

You should also understand that it is not possible to predict or identify all such factors and should not consider the following list to be a complete statement of all potential risks and uncertainties. Factors that could cause our actual results to differ materially from the results contemplated by such forward-looking statements include:

- our ability to successfully implement our business strategy;
- competitive conditions in our industry;
- actions taken by third-party customers, producers, operators, processors and transporters;
- pending legal or environmental matters;
- costs of conducting our operations;
- fluctuations in the price of the products that we purchase and sell;
- our ability to complete internal growth projects on time and on budget;
- general economic conditions, including inflation;
- the price of oil, natural gas, natural gas liquids and other commodities in the energy industry;
- large customer defaults;
- rising interest rates;
- operating hazards, global health epidemics, natural disasters, weather-related delays, cyber-security breaches, IT system outages, global or regional conflicts, casualty losses and other matters beyond our control;
- uncertainty regarding our future operating results;
- effects of existing and future laws and governmental regulations;
- the effects of future litigation;
- plans, objectives, expectations and intentions contained in this Quarterly Report that are not historical; and
- public health crises, epidemics and pandemics, including the COVID-19 pandemic.

All forward-looking statements, expressed or implied, included in this Quarterly Report are expressly qualified in their entirety by this cautionary statement. This cautionary statement should also be considered in connection with any subsequent written or oral forward-looking statements that we or persons acting on our behalf may issue.

Except as otherwise required by applicable law, we disclaim any duty to update any forward-looking statements, all of which are expressly qualified by the statements in this section, to reflect events or circumstances after the date of this Quarterly Report.

Part I. Financial Information

ITEM 1. UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

The interim unaudited consolidated financial statements of TransMontaigne Partners LLC as of and for the three and six months ended June 30, 2023 are included herein beginning on the following page. The accompanying unaudited interim consolidated financial statements should be read in conjunction with our consolidated financial statements and related notes for the year ended December 31, 2022, together with our discussion and analysis of financial condition and results of operations, included in our Annual Report on Form 10-K, filed on March 10, 2023 with the Securities and Exchange Commission (File No. 001-32505).

TransMontaigne Partners LLC is a holding company with the following 100% owned operating subsidiaries during the three and six months ended June 30, 2023:

- TransMontaigne Operating GP L.L.C.
- TransMontaigne Operating Company L.P.
- TransMontaigne Terminals L.L.C.
- Razorback L.L.C. (d/b/a Diamondback Pipeline L.L.C.)
- TPSI Terminals L.L.C.
- TLP Finance Corp.
- TLP Operating Finance Corp.
- TPME L.L.C.
- TLP Management Services L.L.C.
- TransMontaigne Products Company L.L.C.
- Pike West Coast Holdings, L.L.C.
- SeaPort Financing, L.L.C.
- SeaPort Sound Terminal, L.L.C.
- SeaPort Pipeline Holdings, L.L.C.
- SeaPort Midstream Holdings, L.L.C.

We do not have off-balance-sheet arrangements or special-purpose entities.

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Nature of business

TransMontaigne Partners LLC ("we," "us," "our," "the Company") provides integrated terminaling, storage, transportation and related services for companies engaged in the trading, distribution and marketing of light refined petroleum products, heavy refined petroleum products, renewable products, crude oil, chemicals, fertilizers and other liquid products. We conduct our operations in the United States along the Gulf Coast, in the Midwest, in Houston and Brownsville, Texas, along the Mississippi and Ohio rivers, in the Southeast and along the West Coast. In addition, we sell refined and renewable products to major fuel producers and marketers in the Pacific Northwest at our terminal in Tacoma, Washington.

(b) Basis of presentation and use of estimates

Our accounting and financial reporting policies conform to accounting principles generally accepted in the United States of America ("GAAP"). The accompanying consolidated financial statements include the accounts of TransMontaigne Partners LLC and its controlled subsidiaries. Investments where we do not have the ability to exercise control, but do have the ability to exercise significant influence, are accounted for using the equity method of accounting. All intercompany accounts and transactions have been eliminated in the preparation of the accompanying consolidated financial statements include all adjustments (consisting of normal and recurring accruals) considered necessary to present fairly our financial position as of June 30, 2023 and December 31, 2022 and our results of operations for the three and six months ended June 30, 2023 and 2022.

The preparation of financial statements in conformity with GAAP requires us to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting periods. In management's opinion, the estimate of useful lives of our plant and equipment are subjective in nature, require the exercise of judgment and involve complex analyses. Changes in these estimates and assumptions will occur as a result of the passage of time and the occurrence of future events. Actual results could differ from these estimates.

(c) Accounting for terminal operations

We generate revenue from terminaling services fees, management fees and product sales. Under Topic 606, *Revenue from Contracts with Customers* ("ASC 606") and Topic 842, *Leases* and the series of related Accounting Standards Updates that followed (collectively referred to as "ASC 842"), we recognize revenue over time or at a point in time, depending on the nature of the performance obligations contained in the respective contract with our customer. The contract transaction price is allocated to each performance obligation and recognized as revenue when, or as, the performance obligation is satisfied. The following is an overview of our significant revenue streams, including a description of the respective performance obligations and related method of revenue recognition.

Terminaling services fees. Our terminaling services agreements are structured as either throughput agreements or storage agreements. Our throughput agreements contain provisions that require our customers to make minimum payments, which are based on contractually established minimum volumes of throughput of the customer's product at our facilities, over a stipulated period of time. Due to this minimum payment arrangement, we recognize a fixed amount of revenue from the customer over a certain period of time, even if the customer throughputs less than the minimum volume of product during that period. In addition, if a customer throughputs a volume of product exceeding the minimum volume, we would recognize additional revenue on this incremental volume. Our storage agreements require our customers to make minimum payments based on the volume of storage capacity available to the customer under the

agreement, which results in a fixed amount of recognized revenue. We refer to the fixed amount of revenue recognized pursuant to our terminaling services agreements as being "firm commitments."

Our terminaling services agreements include revenue recognized in accordance with ASC 606 and ASC 842. At the time of contract inception, we evaluate each contract to determine whether the contract contains a lease. Significant assumptions used in this process include the determination of whether substantive substitution rights exist based on the terms of the contract and available capacity at the terminal at the time of contract inception. Our terminaling services agreements do not allow our customers to purchase the underlying asset and vary in terms and conditions with respect to extension or termination options. If a contract is accounted for as a lease under ASC 842, we recognize the minimum payments as lease revenue and revenue recognized in excess of firm commitments as a variable payment of the lease. All other components of the contracts accounted for as a lease are treated as non-lease components (ancillary revenue) and are accounted for in accordance with ASC 606. The majority of our firm commitments under our terminaling services agreements are accounted for as lease revenue are accounted for as lease revenue are accounted for in accordance with ASC 606, where the minimum payment arrangement in each contract is considered a single performance obligation that is primarily satisfied over time through the contract term.

Revenue recognized in excess of firm commitments and revenue recognized based solely on the volume of product distributed or injected are referred to as ancillary. The ancillary revenue associated with terminaling services include volumes of product throughput that exceed the contractually established minimum volumes, injection fees based on the volume of product injected with additive compounds, heating and mixing of stored products, product transfer, railcar handling, butane blending, proceeds from the sale of product gains, wharfage and vapor recovery. The revenue generated by these services is required to be estimated under ASC 606 for any uncertainty that is not resolved in the period of the service. We account for the majority of ancillary revenue at individual points in time when the services are delivered to the customer. The majority of our ancillary revenue is recognized in accordance with ASC 606 (See Note 14 of Notes to consolidated financial statements).

Management fees. We manage and operate certain tank capacity at our Port Everglades South terminal for a major oil company and receive a reimbursement of its proportionate share of operating and maintenance costs. We manage and operate the Frontera Brownsville LLC ("Frontera") joint venture and receive a management fee based on our costs incurred. We lease land under operating leases as the lessor or sublessor with third parties and affiliates. We manage and operate rail sites at certain Southeast terminals on behalf of a major oil company and receive reimbursement for operating and maintenance costs. We manage and operate SeaPort Midstream Partners, LLC ("SeaPort Midstream") and receive a management fee based on our costs incurred. We also manage additional terminal facilities that are owned by affiliates of ArcLight, including Lucknow-Highspire Terminals, LLC, which operates terminals throughout Pennsylvania encompassing approximately 9.9 million barrels of storage capacity and we receive a management fee based on our costs incurred.

Management fee revenue is recognized at individual points in time as the services are performed or as the costs are incurred and is primarily accounted for in accordance with ASC 606. Management fees related to lease revenue are accounted for in accordance with ASC 842.

Product sales. Our product sales revenue refers to the sale of refined and renewable products at our terminal in Tacoma, Washington. Product sales revenue pricing is contractually specified, and we have determined that each transaction represents a separate performance obligation. Product sales revenue is recognized at a point in time when our customers take control and legal title of the commodities purchased. Product sales revenue is recorded gross of cost of

product sales, which includes product supply and transportation costs, as we are responsible for fulfilling the promise in the sales contract and maintain inventory risk. Product sales revenue is accounted for in accordance with ASC 606.

(d) Cash and cash equivalents

We consider all short-term investments with a remaining maturity of three months or less at the date of purchase to be cash equivalents.

(e) Inventory

Inventory represents refined and renewable products held for resale and are recorded at the lower of cost or net realizable value. Cost is determined by using the average cost method. At June 30, 2023 and December 31, 2022, our refined products inventory was approximately \$3.4 million and \$4.1 million, respectively. At June 30, 2023 and December 31, 2022, our renewable products inventory was approximately \$3.3 million and \$2.5 million, respectively. We did not recognize any adjustments to the lower of cost or net realizable value during the three and six months ended June 30, 2023 and 2022.

In 2021, the Washington legislature passed a low carbon fuel standard (the "Clean Fuel Standard" or "CFS") that limits carbon in transportation fuels. The Clean Fuel Standard became effective January 1, 2023. As of January 1, 2023, we are required to purchase compliance credits or allowances to reduce emissions or reduce the amount of carbon in the transportation fuels we sell at our terminal in Tacoma, Washington. Fuels with a carbon intensity below the CFS generate compliance credits while fuels with a carbon intensity above the CFS generate deficits. We record our compliance credits net of deficits in inventory and recognize expense as cost of product sales when we transfer the compliance credit to our customers. To the extent we have not purchased enough compliance credits to satisfy our obligations as of the balance sheet date, we record a liability for our obligation to purchase the compliance credits in accrued liabilities and recognize the expense in cost of product sales when we satisfy the compliance obligation.

(f) Property, plant and equipment

Depreciation is computed using the straight-line method. Estimated useful lives are 15 to 25 years for terminals and pipelines and 3 to 25 years for furniture, fixtures and equipment. All items of property, plant and equipment are carried at cost. Expenditures that increase capacity or extend useful lives are capitalized. Repairs and maintenance are expensed as incurred.

We evaluate long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying value of an asset group may not be recoverable based on expected undiscounted future cash flows attributable to that asset group. If an asset group is impaired, the impairment loss to be recognized is the excess of the carrying amount of the asset group over its estimated fair value. We did not recognize any impairment charges during the three and six months ended June 30, 2023 and 2022.

(g) Investments in unconsolidated affiliates

We account for our investments in unconsolidated affiliates, which we do not control but do have the ability to exercise significant influence over, using the equity method of accounting. Under this method, the investment is recorded at acquisition cost, increased by our proportionate share of any earnings and additional capital contributions and decreased by our proportionate share of any losses, distributions received and amortization of any excess investment. Excess investment is the amount by which our total investment exceeds our proportionate share of the book value of the net assets of the investment entity. We evaluate our investments in unconsolidated affiliates for impairment whenever events or circumstances indicate there is a loss in value of the investment that is other than temporary. In the event of

impairment, we would record a charge to earnings to adjust the carrying amount to estimated fair value. We did not recognize any impairment charges during the three and six months ended June 30, 2023 and 2022.

(h) Environmental obligations

We accrue for environmental costs that relate to existing conditions caused by past operations when probable and reasonably estimable (See Note 9 of Notes to consolidated financial statements). Environmental costs include initial site surveys and environmental studies of potentially contaminated sites, costs for remediation and restoration of sites determined to be contaminated and ongoing monitoring costs, as well as fines, damages and other costs, including direct legal costs. Liabilities for environmental costs at a specific site are initially recorded, on an undiscounted basis, when it is probable that we will be liable for such costs, and a reasonable estimate of the associated costs can be made based on available information. Such an estimate includes our share of the liability for each specific site and the sharing of the amounts related to each site that will not be paid by other potentially responsible parties, based on enacted laws and adopted regulations and policies. Adjustments to initial estimates are recorded, from time to time, to reflect changing circumstances and estimates based upon additional information developed in subsequent periods. Estimates of our ultimate liabilities associated with environmental costs are difficult to make with certainty due to the number of variables involved, including the early stage of investigation at certain sites, the lengthy time frames required to complete remediation, technology changes, alternatives available and the evolving nature of environmental laws and regulations. We periodically file claims for insurance recoveries of certain environmental remediation costs with our insurance carriers under our comprehensive liability policies (See Note 4 of Notes to consolidated financial statements).

In connection with our acquisition of the Florida, Midwest, Brownsville, Texas, River and Southeast terminals and facilities, a third party agreed to indemnify us against certain potential environmental claims, losses and expenses. Based on our current knowledge, we expect that the active remediation projects subject to the benefit of this indemnification obligation are winding down and will not involve material additional claims, losses, and expenses.

(i) Asset retirement obligations

Asset retirement obligations are legal obligations associated with the retirement of long-lived assets that result from the acquisition, construction, development or normal use of the asset. GAAP requires that the fair value of a liability related to the retirement of long-lived assets be recorded at the time a legal obligation is incurred. Once an asset retirement obligation is identified and a liability is recorded, a corresponding asset is recorded, which is depreciated over the remaining useful life of the asset. After the initial measurement, the liability is adjusted to reflect changes in the asset retirement obligation. If and when it is determined that a legal obligation has been incurred, the fair value of any liability is determined based on estimates and assumptions related to retirement costs, future inflation rates and interest rates. Our long-lived assets consist of above-ground storage facilities and underground pipelines. We are unable to predict if and when these long-lived assets will become completely obsolete and require dismantlement. We have not recorded an asset retirement obligation, or corresponding asset, because the future dismantlement and removal dates of our long-lived assets is indeterminable and the amount of any associated costs are believed to be insignificant. Changes in our assumptions and estimates may occur as a result of the passage of time and the occurrence of future events.

(j) Accounting for derivative instruments

Generally accepted accounting principles require us to recognize all derivative instruments at fair value in the consolidated balance sheets as assets or liabilities. Changes in the fair value of our derivative instruments are recognized in the consolidated statements of operations. At June 30, 2023 and December 31, 2022, our derivative instruments were limited to interest rate swap agreements. The fair value of our interest rate swap agreements are determined using a pricing model based on applicable swap rates and other observable market data. At June 30, 2023 and December 31, 2022, the fair value of our interest rate swap agreements was approximately \$25.6 million and \$15.9 million, respectively (See Notes 4 and 8 of Notes to consolidated financial statements).

Pursuant to the terms of the interest rate swap agreements, we pay a blended fixed rate and receive interest payments based on the one-month London Interbank Offered Rate ("LIBOR") through July 17, 2023. Thereafter, we pay a blended fixed rate and will receive interest payments based on the one-month Term Secured Overnight Financing Rate ("SOFR") or Overnight Indexed Swap ("OIS") compound SOFR. The net difference to be paid or received under the interest rate swap agreements will be settled monthly and recognized as an adjustment to interest expense. For the three months ended June 30, 2023 and 2022, we recognized an unrealized gain on interest rate swap agreements of approximately \$17.3 million and \$nil, respectively. For the six months ended June 30, 2023 and 2022, we recognized an unrealized gain on interest rate swap agreements of approximately \$9.7 million and \$nil, respectively.

Our interest rate swap agreements at June 30, 2023 were as follows:

Interest rate swap agreement term	no	Aggregate tional amount	Blended fixed rate
	(i	n thousands)	
August 18, 2022 - July 18, 2023	\$	500,000	2.87 %
July 18, 2023 - August 18, 2025	\$	500,000	2.87 %
August 18, 2023 - August 18, 2026	\$	280,000	3.52 %
August 18, 2025 - August 18, 2026	\$	500,000	3.31 %
August 18, 2026 - August 18, 2028	\$	450,000	3.00 %

(k) Income taxes

No provision for U.S. federal income taxes has been reflected in the accompanying consolidated financial statements because we are treated as a partnership for federal income tax purposes. As a partnership, all income, gains, losses, expenses, deductions and tax credits generated by us flow up to our owners.

(l) Comprehensive income

Entities that report items of other comprehensive income have the option to present the components of net earnings and comprehensive income in either one continuous financial statement, or two consecutive financial statements. As we have no components of comprehensive income other than net earnings, no statement of comprehensive income has been presented.

(m) Recent accounting pronouncements

In March 2020, the FASB issued ASU No. 2020-04, *Reference Rate Reform—Facilitation of the Effects of Reference Rate Reform on Financial Reporting*, which provides optional expedients and exceptions for applying GAAP to contracts, hedging relationships and other transactions that reference LIBOR or another reference rate expected to be discontinued because of reference rate reform. This guidance was effective prospectively upon issuance through December 31, 2022. In December 2022, the FASB issued ASU 2022-06, *Reference Rate Reform (Topic 848)*, *Deferral of the Sunset Date of Topic 848*, which defers the sunset date of Topic 848 from December 31, 2022 to December 31, 2024. We do not expect the adoption of this guidance to have an impact on our financial position, results of operations or cash flows.

(2) TRANSACTIONS WITH AFFILIATES

Operations and reimbursement agreement—Frontera. We have a 50% ownership interest in Frontera. We operate Frontera, in accordance with an operations and reimbursement agreement executed between us and Frontera, for a management fee that is based on our costs incurred. Our agreement with Frontera stipulates that we may resign as the operator at any time with the prior written consent of Frontera, or that we may be removed as the operator for good cause, which includes material noncompliance with laws and material failure to adhere to good industry practice regarding health, safety or environmental matters. We recognized revenue related to this operations and reimbursement agreement of approximately \$1.5 million for both of the three months ended June 30, 2023 and 2022. We recognized revenue related to this operations and reimbursement agreement of approximately \$3.1 million and \$3.0 million for the six months ended June 30, 2023 and 2022, respectively.

Terminaling services agreements—Brownsville terminals. We have terminaling services agreements with Frontera relating to our Brownsville, Texas facility that have or will expire in March 2023, April 2024 and June 2025. In exchange for its minimum throughput commitments, we agreed to provide Frontera with approximately 301,000 barrels of storage capacity. We recognized revenue related to these agreements of approximately \$0.6 million and \$0.2 million for the three months ended June 30, 2023 and 2022, respectively. We recognized revenue related to these agreements of approximately \$1.1 million and \$0.8 million for the six months ended June 30, 2023 and 2022, respectively.

Terminaling services agreement—Gulf Coast terminals. We have a terminaling services agreement with Associated Asphalt Marketing, LLC, a wholly owned indirect subsidiary of ArcLight relating to our Gulf Coast terminals. The agreement will expire in April 2026, subject to a five-year automatic renewal unless terminated by either party upon 180 days' prior notice, after which the agreement is subject to two-year automatic renewals unless terminated by either party upon 180 days' prior notice. In exchange for its minimum throughput commitment, we have agreed to provide Associated Asphalt Marketing, LLC with approximately 750,000 barrels of storage capacity. We recognized revenue related to this agreement of approximately \$2.6 million and \$2.4 million for the three months ended June 30, 2023 and 2022, respectively. We recognized revenue related to this agreement of approximately \$5.0 million and \$4.9 million for the six months ended June 30, 2023 and 2022, respectively.

Operating and administrative agreement—SeaPort Midstream—Central services. We have a 51% ownership interest in SeaPort Midstream. We operate SeaPort Midstream in accordance with an operating and administrative agreement executed between us and SeaPort Midstream, for a management fee that is based on our costs incurred. The operating and administrative agreement will expire in November 2025, subject to two-year automatic renewals unless terminated by either party upon no less than twelve months' notice prior to the end of the initial term or any successive term. Our agreement with SeaPort Midstream stipulates that we may resign as the operator at any time with the prior written consent of SeaPort Midstream, or that we may be removed as the operator for good cause, which includes material noncompliance with laws and material failure to adhere to good industry practice regarding health, safety or environmental matters. We recognized revenue related to this operating and administrative agreement of approximately \$1.0 million for both of the three months ended June 30, 2023 and 2022. We recognized revenue related to this operating and administrative agreement of approximately \$2.0 million and \$1.9 million for the six months ended June 30, 2023 and 2022, respectively.

Terminaling services agreement—SeaPort Midstream. We had a terminaling services agreement with SeaPort Midstream relating to our West Coast terminals. The agreement expired in January 2023. In exchange for our minimum throughput commitment, SeaPort Midstream agreed to provide us with approximately 14,000 barrels of storage capacity. We used this capacity to store and sell refined and renewable products. We recognized expense related to this agreement of approximately \$nil and \$0.1 million for the three months ended June 30, 2023 and 2022, respectively. We recognized expense related to this agreement of approximately \$0.1 million and \$0.2 million for the six months ended June 30, 2023 and 2022, respectively.

Other affiliates—Central services. We manage additional terminal facilities that are owned by affiliates of ArcLight, including Lucknow-Highspire Terminals, LLC. We recognized revenue related to reimbursements from these affiliates of approximately \$0.7 million and \$0.5 million for the three months ended June 30, 2023 and 2022, respectively. We recognized revenue related to reimbursements from these affiliates of approximately \$1.9 million and \$1.2 million for the six months ended June 30, 2023 and 2022, respectively.

Services agreement—TransMontaigne Management Company, LLC. Our executive officers who provide services to the Company are employed by TransMontaigne Management Company, LLC, a wholly owned subsidiary of ArcLight, which also provides services to certain other ArcLight affiliates. Pursuant to a services agreement between TLP Management Services L.L.C. ("TMS") and TransMontaigne Management Company, TMS continues to provide certain payroll functions and maintains all employee benefits programs on behalf of TransMontaigne Management Company. TransMontaigne Management Company is reimbursed for the payroll and benefits expenses related to the executive officers, plus a 1% administration fee. Aggregate fees paid by us to TransMontaigne Management Company with respect to the services agreement was approximately \$0.6 million for both of the three months ended June 30, 2023 and 2022. Aggregate fees paid by us to TransMontaigne Management was approximately \$1.4 million and \$1.3 million for the six months ended June 30, 2023, respectively.

(3) CONCENTRATION OF CREDIT RISK AND TRADE ACCOUNTS RECEIVABLE

Our primary market areas are located in the United States along the Gulf Coast, in the Southeast, in Brownsville, Texas, along the Mississippi and Ohio Rivers, in the Midwest and along the West Coast. We have a concentration of trade receivable balances due from companies engaged in the trading, distribution and marketing of refined products, renewable products and crude oil. These concentrations of customers may affect our overall credit risk in that the customers may be similarly affected by changes in economic, regulatory or other factors. Our customers' historical financial and operating information is analyzed prior to extending credit. We manage our exposure to credit risk through credit analysis, credit approvals, credit limits and monitoring procedures, and for certain transactions we may request letters of credit, prepayments or guarantees.

Trade accounts receivable consists of the following (in thousands):

	June 30, 2023	De	December 31, 2022		
Trade accounts receivable	\$ 29,208	\$	46,060		

The following customers accounted for at least 10% of our consolidated revenue in at least one of the periods presented in the accompanying consolidated statements of operations:

	Three month June 3		Six months June 3	
	2023	2022	2023	2022
Customer A	10 %	7 %	9 %	7 %
Customer B	2 %	18 %	5 %	14 %

(4) OTHER CURRENT ASSETS

Other current assets were as follows (in thousands):

		June 30, 2023				cember 31, 2022
Prepaid insurance	\$	5,537	\$	1,198		
Unrealized gain on interest rate swap agreements		885		5,613		
Amounts due from insurance companies		2,976		2,340		
Additive detergent		1,674		1,666		
Deposits and other assets		3,600		4,882		
	\$	14,672	\$	15,699		

Amounts due from insurance companies. We periodically file claims for recovery of environmental remediation costs and property claims with our insurance carriers under our comprehensive liability policies. We recognize our insurance recoveries in the period that we assess the likelihood of recovery as being probable. At June 30, 2023 and December 31, 2022, we have recognized amounts due from insurance companies of approximately \$3.0 million and \$2.3 million, respectively, representing our best estimate of our probable insurance recoveries. During the six months ended June 30, 2023, we increased our estimate of our probable insurance recoveries by approximately \$0.6 million.

(5) PROPERTY, PLANT AND EQUIPMENT, NET

Property, plant and equipment, net was as follows (in thousands):

	June 30, 2023	December 31, 2022
Land	\$ 104,017	\$ 104,017
Terminals, pipelines and equipment	1,353,215	1,333,771
Furniture, fixtures and equipment	18,239	17,880
Construction in progress	23,382	17,362
	1,498,853	1,473,030
Less accumulated depreciation	(671,047)	(637,123)
	\$ 827,806	\$ 835,907

At June 30, 2023 and December 31, 2022, property, plant and equipment, net utilized by our customers in revenue operating lease arrangements consisted of approximately \$571.6 million and \$585.9 million, respectively, of terminals, pipelines and equipment primarily relates to our storage tanks and associated internal piping.

(6) GOODWILL

Goodwill was as follows (in thousands):

	June 30, 2023		ember 31, 2022
Brownsville terminals	\$ 8,485	\$	8,485
West Coast terminals	10,101		10,101
	\$ 18,586	\$	18,586

Goodwill is required to be tested for impairment annually unless events or changes in circumstances indicate it is more likely than not that an impairment loss has been incurred at an interim date. Our annual test for the impairment of goodwill is performed as of December 31. The impairment test is performed at the reporting unit level. Our reporting units are our business segments (See Note 15 of Notes to consolidated financial statements). The fair value of each reporting unit is determined on a stand-alone basis from the perspective of a market participant and represents an estimate of the price that would be received to sell the unit as a whole in an orderly transaction between market participants at the measurement date. If the fair value of a reporting unit exceeds its carrying amount, goodwill of the reporting unit is not considered to be impaired.

At June 30, 2023 and December 31, 2022, our Brownsville and West Coast terminals contained goodwill. We did not recognize any goodwill impairment charges during the three and six months ended June 30, 2023 or during the year ended December 31, 2022 for these reporting units. However, an increase in the assumed market participants' weighted average cost of capital, the loss of a significant customer, the disposition of significant assets, or an unforeseen increase in the costs to operate and maintain the Brownsville or West Coast terminals could result in the recognition of an impairment charge in the future.

(7) INVESTMENTS IN UNCONSOLIDATED AFFILIATES

At June 30, 2023 and December 31, 2022, our investments in unconsolidated affiliates include a 42.5% Class A ownership interest in Battleground Oil Specialty Terminal Company LLC ("BOSTCO"), a 30% ownership interest in Olympic Pipeline Company, LLC, a 51% ownership interest in SeaPort Midstream and a 50% ownership interest in Frontera. BOSTCO is a terminal facility located on the Houston Ship Channel that encompasses approximately 7.1 million barrels of distillate, residual and other black oil product storage. Class A and Class B ownership interests in BOSTCO share in cash distributions on a 96.5% and 3.5% basis, respectively. Class B ownership interests do not have voting rights and are not required to make capital investments. Olympic Pipeline Company is a 400-mile interstate refined petroleum products pipeline system running from Blaine, Washington to Portland, Oregon and a refined and renewable products terminal in Bayview, Washington. SeaPort Midstream is two terminal facilities located in Seattle, Washington and Portland, Oregon that encompasses approximately 1.3 million barrels of refined and renewable product storage. Frontera is a terminal facility located in Brownsville, Texas that encompasses approximately 1.7 million barrels of light petroleum product storage, as well as related ancillary facilities.

The following table summarizes our investments in unconsolidated affiliates:

		ntage of ership		ring value ousands)	
	June 30, 2023	December 31, 2022	June 30, 2023	December 31, 2022	
BOSTCO	42.5 %	42.5 %	\$ 191,185	\$ 195,770	
Olympic Pipeline Company	30 %	30 %	78,497	77,934	
SeaPort Midstream	51 %	51 %	32,223	30,788	
Frontera	50 %	50 %	21,898	21,340	
Total investments in unconsolidated affiliates			\$ 323,803	\$ 325,832	

At June 30, 2023 and December 31, 2022, our investment in BOSTCO includes approximately \$6.0 million and \$6.1 million, respectively, of excess investment related to a one time buy-in fee to acquire our 42.5% interest and capitalization of interest on our investment during the construction of BOSTCO amortized over the useful life of the assets. Excess investment is the amount by which our investment exceeds our proportionate share of the book value of the net assets of the BOSTCO entity.

At June 30, 2023 and December 31, 2022, our investment in Olympic Pipeline Company includes approximately \$5.5 million and \$5.7 million, respectively, of excess investment related to property, plant and equipment

being amortized over the useful life of the assets and approximately \$20.2 million of excess investment related to goodwill. Excess investment is the amount by which our investment exceeds our proportionate share of the book value of the net assets of the Olympic Pipeline Company entity.

Earnings from investments in unconsolidated affiliates was as follows (in thousands):

	7	Three months ended June 30,				nded		
		2023	2022		2023			2022
BOSTCO	\$	941	\$	1,505	\$	1,795	\$	2,307
Olympic Pipeline Company		568		1,175		1,283		3,358
SeaPort Midstream		1,040		388		1,435		550
Frontera		143		561		128		642
Total earnings from investments in unconsolidated affiliates	\$	2,692	\$	3,629	\$	4,641	\$	6,857

Additional capital investments in unconsolidated affiliates for the funding of growth projects was as follows (in thousands):

	Three months ended June 30,			Six months e June 30				
	2	2023 2022		2023			2022	
BOSTCO	\$		\$		\$		\$	
Olympic Pipeline Company		—		—		—		
SeaPort Midstream								
Frontera		—				500		—
Additional capital investments in unconsolidated affiliates	\$	_	\$	—	\$	500	\$	

Cash distributions received from unconsolidated affiliates was as follows (in thousands):

	Three mo Jun		ended		
	2023 2022		2023		2022
BOSTCO	\$ 3,362	\$ 2,127	\$ 6,38	0 \$	4,176
Olympic Pipeline Company	720	2,237	72	0	4,704
SeaPort Midstream		—	-	_	
Frontera	70	355	7	0	355
Cash distributions received from unconsolidated affiliates	\$ 4,152	\$ 4,719	\$ 7,17	0 \$	9,235

The summarized combined financial information of our unconsolidated affiliates was as follows (in thousands):

Balance sheets:

	June 30, 2023	De	cember 31, 2022
Current assets	\$ 55,429	\$	58,253
Long-term assets	761,539		770,715

(8) OTHER ASSETS, NET

Other assets, net was as follows (in thousands):

	June 30, 2023		cember 31, 2022
Customer relationships, net of accumulated amortization of \$19,706 and \$18,108,			
respectively	\$ 45,824	\$	47,422
Unrealized gain on interest rate swap agreements	24,759		10,338
SeaPort Midstream member loan	1,259		1,259
Deposits and other assets	702		691
	\$ 72,544	\$	59,710

Customer relationships. Other assets, net include certain customer relationships at our West Coast terminals. These customer relationships are being amortized on a straight-line basis over approximately ten to twenty years.

SeaPort Midstream member loan. We are party to a member revolving loan agreement with a total borrowing capacity of \$5.0 million with SeaPort Midstream due December 31, 2025. We are responsible for our proportionate share of 51% of this loan. At both June 30, 2023 and December 31, 2022, the total outstanding borrowings were \$2.5 million. Accordingly, we have recorded a loan receivable of approximately \$1.3 million, representing our proportionate share of the outstanding borrowings.

(9) ACCRUED LIABILITIES

Accrued liabilities were as follows (in thousands):

	June 30, 2023		cember 31, 2022
Customer advances and deposits	\$ 12,214	\$	11,816
Accrued compensation expense	11,118		13,384
Interest payable	7,145		8,346
Accrued property taxes	5,253		4,349
Accrued Washington State emissions allowances	2,767		—
Accrued environmental obligations	995		1,363
Accrued expenses and other	1,106		4,162
	\$ 40,598	\$	43,420

Customer advances and deposits. Customer advances and deposits represents payments received for terminaling services in advance of the terminaling services being provided.

Accrued compensation expense. Accrued compensation expense includes our bonus, payroll, and savings and retention plan awards accruals.

Accrued Washington State emissions allowances. The Washington State Climate Commitment Act ("CCA"), implemented January 1, 2023, was designed to reduce greenhouse gas emissions. Rules implementing the CCA by the Washington Department of Ecology set a cap on greenhouse gas emissions, provide mechanisms for the sale and tracking of tradable emissions allowances, and establish additional compliance and accountability measures. Accrued Washington State emissions allowances represent our obligation under the CCA to obtain emissions allowances for certain products sold at the truck rack at our Tacoma, Washington terminal. We record the emissions allowance obligation at market value, net of allowances purchased and record the associated expense as cost of product sales when certain products are sold at the truck rack at our Tacoma, Washington terminal.

Accrued environmental obligations. At June 30, 2023 and December 31, 2022, we have accrued environmental obligations of approximately \$1.0 million and \$1.4 million, respectively, representing our best estimate of our remediation obligations. During the six months ended June 30, 2023, we made payments of approximately \$0.2 million towards our environmental remediation obligations. During the six months ended June 30, 2023, we decreased our estimate of our future environmental remediation costs by approximately \$0.2 million. Changes in our estimates of our future environmental remediation smay occur as a result of the passage of time and the occurrence of future events.

(10) DEBT

Long-term debt is as follows (in thousands):

	June 30, 2023	D	ecember 31, 2022
Senior secured term loan outstanding	\$ 984,554	\$	990,000
Revolving credit facility outstanding	81,000		—
6.125% senior notes due in 2026	299,900		299,900
Unamortized deferred debt issuance costs ⁽¹⁾	(20,671)		(22,681)
Total debt	 1,344,783		1,267,219
Current portion of senior secured term loan	(10,000)		(10,000)
Long-term debt	\$ 1,334,783	\$	1,257,219

(1) Deferred debt issuance costs are amortized using the effective interest method over the applicable term of the senior secured term loan and senior notes.

Credit agreement. On November 17, 2021, the Company and TransMontaigne Operating Company L.P., our wholly owned subsidiary, entered into the Credit Agreement ("Credit Agreement") for a \$1 billion senior secured term loan and a \$150 million revolving credit facility, with a letter of credit subfacility of \$35 million. The senior secured term loan will mature on November 17, 2028 and the revolving credit facility will terminate (a) on November 14, 2025 in the event the 6.125% senior notes due in 2026 are not refinanced on or prior to such date or (b) in the event the senior notes have been refinanced on or prior to November 14, 2025, the earlier of (i) the new maturity date of the refinanced senior notes and (ii) November 17, 2026. Our obligations under the Credit Agreement are guaranteed by the Company, TransMontaigne Operating Company L.P. and all of its subsidiaries, and secured by a first priority security interest in favor of the lenders in substantially all of the Company's, TransMontaigne Operating Company L.P.'s and all of its subsidiaries' assets, including our investments in unconsolidated affiliates.

We may elect to have loans under the Credit Agreement bear interest, at either an adjusted LIBOR rate through June 9, 2023, thereafter, a Term SOFR rate plus .11448% (subject to a 0.50% floor) plus an applicable margin of 3.50% or an alternate base rate plus an applicable margin of 2.50% per annum. We are also required to pay (i) a letter of credit fee of 3.50% per annum on the aggregate face amount of all outstanding letters of credit, (ii) to the issuing lender of each letter of credit, a fronting fee of no less than 0.125% per annum on the outstanding amount of each such letter of credit

and (iii) commitment fees of 0.50% per annum on the daily unused amount of the revolving credit facility, in each case quarterly in arrears.

The Credit Agreement contains various covenants, including, but not limited to, limitations on the incurrence of indebtedness, permitted investments, liens on assets, making distributions, transactions with affiliates, mergers, consolidations, dispositions of assets and other provisions customary in similar types of agreements. The Credit Agreement requires compliance with (a) a debt service coverage ratio of no less than 1.1 to 1.0 and (b) if the aggregate outstanding amount of all revolving loans and drawn letters of credit exceeds an amount equal to 35% of the aggregate revolving commitments, a consolidated senior secured net leverage ratio of no greater than 6.75 to 1.00. We were in compliance with all financial covenants as of and during the three and six months ended June 30, 2023 and the year ended December 31, 2022.

For the six months ended June 30, 2023 and 2022, the weighted average interest rate on borrowings was approximately 7.3% and 4.2%, respectively. At both June 30, 2023 and December 31, 2022, our outstanding letters of credit were approximately \$0.4 million.

Senior notes. On February 12, 2018, the Company and TLP Finance Corp., our wholly owned subsidiary, issued at par \$300 million of 6.125% senior notes. Net proceeds, after \$8.1 million of issuance costs, were used to repay indebtedness under our revolving credit facility. The senior notes are due in 2026 and are guaranteed on a senior unsecured basis by each of our 100% owned domestic subsidiaries that guarantee obligations under our revolving credit facility. TransMontaigne Partners LLC has no independent assets or operations unrelated to its investments in its consolidated subsidiaries. TLP Finance Corp. has no assets or operations. Our operations are conducted by subsidiaries of TransMontaigne Partners LLC through our 100% owned operating company subsidiary, TransMontaigne Operating Company L.P. None of the assets of TransMontaigne Partners LLC or a guarantor represent restricted net assets pursuant to the guidelines established by the SEC.

(11) DEFERRED COMPENSATION EXPENSE

We have a savings and retention plan to compensate certain employees who provide services to the Company. The purpose of the savings and retention plan is to provide for the reward and retention of participants by providing them with awards that vest over future service periods. Awards under the plan with respect to individuals providing services to the Company generally become vested as to 50% of a participant's annual award as of the first day of the month that falls closest to the second anniversary of the grant date, and the remaining 50% as of the first day of the month that falls closest to the third anniversary of the grant date, subject to earlier vesting upon a participant's attainment of the age and length of service thresholds, retirement, death or disability, involuntary termination without cause, or termination of a participant's employment following a change in control of the Company as specified in the plan. The awards are increased for the value of any accrued growth based on underlying investments deemed made with respect to the awards. The awards (including any accrued growth relating thereto) are subject to forfeiture until the vesting date. A person will satisfy the age and length of service thresholds of the plan upon the attainment of the earliest of (a) age sixty, (b) age fifty-five and ten years of service as an officer of the Company or any of its affiliates or predecessors, or (c) age fifty and twenty years of service as an employee of the Company or any of its affiliates or predecessors.

We have the intent and ability to settle the savings and retention plan awards in cash, and accordingly, we account for the awards as accrued liabilities. For savings and retention plan awards to employees, approximately \$0.4 million is included in deferred compensation expense for both of the three months ended June 30, 2023 and 2022, respectively. For savings and retention plan awards to employees, approximately \$1.6 million and \$1.4 million is included in deferred compensation expense for the six months ended June 30, 2023 and 2022, respectively.

On December 31, 2021, an indirect parent of the Company modified existing grants of class B units in the indirect parent of the Company to certain officers of TransMontaigne Management Company. For both of the three and six months ended June 30, 2023 and 2022, we recognized approximately \$0.4 million and \$0.8 million, respectively, of

deferred compensation expense in our consolidated statements of operations, non-cash contribution from parent entities in our consolidated statements of equity and non-cash equity-based compensation in our consolidated statements of cash flows related to the portion of the class B units that vested on December 31, 2021.

(12) COMMITMENTS AND CONTINGENCIES

Lessee operating lease commitments. We lease property including corporate offices, vehicles and land. We determine if an arrangement is a lease at inception and evaluate identified leases for operating or finance lease treatment at lease commencement. Operating or finance lease right-of-use assets and liabilities are recognized at the commencement date based on the present value of lease payments over the lease term. Our leases have remaining lease terms of less than one year to 48 years, some of which have options to extend or terminate the lease. For purposes of calculating operating lease liabilities, lease terms may be deemed to include options to extend or terminate the lease when it is reasonably certain that we will exercise that option.

Operating right-of-use assets and operating lease liabilities are recognized based on the present value of the lease payments over the lease term at commencement date. The additions to right-of-use assets obtained from new operating lease liabilities are treated as non-cash transactions that do not impact the consolidated statements of cash flows. The Company uses its incremental borrowing rate based on the information available at the commencement date in determining the present value of lease payments. We determined our incremental borrowing rate using the borrowing rate of our debt agreements. The terms of our corporate offices, vehicles and land leases are in line with the Credit Agreement, our primary finance mechanism. We have certain land and vehicle lease agreements with lease and non-lease components, which are accounted for separately. Non-lease components include payments for taxes and other operating and maintenance expenses incurred by the lessor but payable by us in connection with the leasing arrangement. During the three and six months ended June 30, 2023 and 2022, the Company was party to certain subleasing arrangements whereby the Company, as the primary obligor on the lease, has recognized sublease income for lease payments made by affiliates to the lessor.

Following are components of our lease costs (in thousands):

		Three months ended June 30,			Six months ended June 30,			
	2023	2022	2023			2022		
Operating leases	\$ 1,431	\$ 1,393	\$	2,853	\$	2,789		
Variable lease costs (including insignificant short-term leases)	356	291		764		612		
Sublease income as primary obligor	(271)	(270)		(541)		(533)		
Total lease costs	\$ 1,516	\$ 1,414	\$	3,076	\$	2,868		

Other information related to our operating leases was as follows (in thousands, except lease term and discount rate):

		nths ended e 30,		ths ended 1e 30,
	2023	2022	2023	2022
Cash outflows for operating leases	\$ 1,295	\$ 1,138	\$ 2,730	\$ 2,569
Weighted average remaining lease term (years)	27.81	27.88	27.81	27.88
Weighted average discount rate	4.5%	4.5%	4.5%	4.5%

Undiscounted cash flows owed by the Company to lessors pursuant to contractual agreements in effect as of June 30, 2023 and related imputed interest was as follows (in thousands):

Years ending December 31:	
2023 (remainder of the year)	\$ 3,004
2024	5,553
2025	4,942
2026	3,628
2027	3,453
Thereafter	69,703
Total lease payments	90,283
Less imputed interest	(38,650)
Present value of operating lease liabilities	\$ 51,633

Contract commitments. At June 30, 2023, we have contractual commitments of approximately \$30.4 million for the supply of services, labor and materials related to capital projects that currently are under development. We expect that these contractual commitments will primarily be paid within a year.

Legal proceedings. We are party to various legal, regulatory and other matters arising from the day-to-day operations of our business that may result in claims against us. While the ultimate impact of any proceedings cannot be predicted with certainty, our management believes that the resolution of any of our pending legal proceedings will not have a material adverse effect on our business, financial position, results of operations or cash flows.

(13) DISCLOSURES ABOUT FAIR VALUE

GAAP defines fair value, establishes a framework for measuring fair value and expands disclosures about fair value measurements. GAAP also establishes a fair value hierarchy that prioritizes the use of higher-level inputs for valuation techniques used to measure fair value. The three levels of the fair value hierarchy are: (1) Level 1 inputs, which are quoted prices (unadjusted) in active markets for identical assets or liabilities; (2) Level 2 inputs, which are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; and (3) Level 3 inputs, which are unobservable inputs for the asset or liability.

The fair values of the following financial instruments represent our best estimate of the amounts that would be received to sell those assets or that would be paid to transfer those liabilities in an orderly transaction between market participants at that date. Our fair value measurements maximize the use of observable inputs. However, in situations where there is little, if any, market activity for the asset or liability at the measurement date, the fair value measurement reflects our judgments about the assumptions that market participants would use in pricing the asset or liability based on the best information available in the circumstances. There were no transfers into or out of Levels 1, 2, and 3 during the three and six months ended June 30, 2023 and 2022. The following methods and assumptions were used to estimate the fair value of financial instruments at June 30, 2023 and December 31, 2022.

Cash equivalents. The carrying amount approximates fair value because of the short-term maturity of these instruments. The fair value is categorized in Level 1 of the fair value hierarchy.

Derivative instruments. The carrying amount of our interest rate swaps was determined using a pricing model based on the applicable swap rates and other observable market data. The fair value is categorized in Level 2 of the fair value hierarchy.

Debt. The estimated fair value of our \$984.6 million senior secured term loan at June 30, 2023 was approximately \$972.2 million based on observable market trades. The estimated fair value of our \$299.9 million publicly

traded senior notes at June 30, 2023 was approximately \$259.0 million based on observable market trades. The carrying amount of our revolving credit facility debt approximates fair value since borrowings under the facility bear interest at current market interest rates. The fair value of our debt is categorized in Level 2 of the fair value hierarchy.

Non-financial assets. The Company's non-financial assets, which primarily consist of property and equipment, right-of-use assets, goodwill and other intangible assets, are not required by GAAP to be carried at fair value on a recurring basis and are reported at carrying value. The fair values of these assets are determined, as required by GAAP, based on Level 3 measurements, including estimates of the amount and timing of future cash flows based upon historical experience, expected market conditions, and management's plans.

(14) REVENUE FROM CONTRACTS WITH CUSTOMERS

The majority of our terminaling services agreements contain minimum payment arrangements, resulting in a fixed amount of revenue recognized, which we refer to as "firm commitments" and are accounted for in accordance with ASC 842, *Leases* ("ASC 842 revenue"). The remainder is recognized in accordance with ASC 606, *Revenue from Contracts with Customers* ("ASC 606 revenue").

The following table provides details of our revenue disaggregated by category of revenue (in thousands):

		nths ended e 30,		hs ended e 30,
	2023	2022	2023	2022
Terminaling services fees:				
Firm commitments (ASC 842 revenue)	\$ 46,080	\$ 45,320	\$ 92,694	\$ 90,767
Firm commitments (ASC 606 revenue)	10,444	9,410	20,800	18,232
Total firm commitments revenue	56,524	54,730	113,494	108,999

Total estimated future ASC 606 revenue	\$ 10,109	\$ 591	\$ 6,301	\$		\$ 30,634	\$ 20,389	\$ 	\$ 68,024

Our estimated future ASC 606 revenue, for purposes of the tabular presentation above, excludes estimates of future rate changes due to changes in indices or contractually negotiated rate escalations and is generally limited to contracts that have minimum payment arrangements. The balances disclosed include the full amount of our customer commitments accounted for as ASC 606 revenue as of June 30, 2023 through the expiration of the related contracts. The balances disclosed exclude all performance obligations for which the original expected term is one year or less, the term of the contract with the customer is open and cannot be estimated, the contract includes options for future purchases or the consideration is variable.

Estimated future ASC 606 revenue in the table above excludes revenue arrangements accounted for in accordance with ASC 842. The following table includes our estimated future revenue associated with our firm commitments under terminaling services fees which is expected to be recognized as ASC 842 revenue in the specified period (in thousands):

Years ending December 31:	
2023 (remainder of the year)	\$ 86,878
2024	132,593
2025	98,451
2026	65,184
2027	46,425
Thereafter	433,112
Total estimated future ASC 842 revenue	\$ 862,643

BALANCE SHEET DISCLOSURES

Contract assets. Our contract assets are limited to trade accounts receivable.

The following tables present our contract assets resulting from contracts with customers (in thousands):

		Contra			
	ASC 606 ASC 842				 Total
Trade accounts receivable at December 31, 2022	\$	33,127	\$	12,933	\$ 46,060
Trade accounts receivable at June 30, 2023	\$	19,566	\$	9,642	\$ 29,208

Contract liabilities. Our contract liabilities include deferred revenue and customer advances and deposits. We have long-term terminaling services agreements with certain of our customers that provide for advance minimum payments. We recognize the advance minimum payments as revenue on a straight-line basis over the term of the respective agreements. In addition, pursuant to certain agreements with our customers, we agreed to undertake certain capital projects. Upon completion of the projects, our customers have paid us amounts that will be recognized as revenue on a straight-line basis over the remaining term of the agreements. Collectively, the differences between amounts billed and revenue recognized under ASC 606 and ASC 842 are recorded as contract liabilities. These liabilities are presented as deferred revenue in our consolidated balance sheets. We record customer advances and deposits when payments are received from customers in advance of the terminaling services being provided, resulting in a contract liability accounted for under ASC 606 and ASC 842. This liability is presented as accrued liabilities in our consolidated balance sheets (See Note 9 of Notes to consolidated financial statements).

The following table presents our contract liabilities resulting from contracts with customers (in thousands):

	A	ASC 606	1	ASC 842	Total
Contract liabilities at December 31, 2022	\$	1,574	\$	11,462	\$ 13,036
Contract liabilities at June 30, 2023	\$	1,306	\$	11,571	\$ 12,877

Revenue recognized during the six months ended June 30, 2023, from amounts included in contract liabilities at December 31, 2022, was approximately \$1.5 million for contracts under ASC 606 and approximately \$10.6 million for contracts under ASC 842.

(15) BUSINESS SEGMENTS

We provide integrated terminaling, storage, transportation and related services to companies engaged in the trading, distribution and marketing of refined petroleum products, renewable products, crude oil, chemicals, fertilizers and other liquid products. In addition, we sell refined and renewable products to major fuel producers and marketers in the Pacific Northwest at our terminal in Tacoma, Washington. Our chief operating decision maker is the Company's chief executive officer. The Company's chief executive officer reviews the financial performance of our business segments using disaggregated financial information about "net margins" for purposes of making operating decisions and assessing financial performance. "Net margins" is composed of revenue less cost of product sales and operating costs and expenses. Accordingly, we present "net margins" for each of our business segments: (i) Gulf Coast terminals, (ii) Midwest terminals, (iii) Brownsville terminals including management of the Frontera joint venture, (iv) River terminals, (v) Southeast terminals, (vi) West Coast terminals and (vii) Central services. Our Central services segment primarily represents the costs of employees performing operating oversight functions, engineering, health, safety and environmental services to our terminals and terminals that we operate or manage, including for affiliate terminals owned by ArcLight. In addition, Central services represent the cost of employees at affiliate terminals owned by ArcLight that we operate. We receive a fee from these affiliates based on our costs incurred.

The financial performance of our business segments was as follows (in thousands):

No subsequent transactions or events warranted recognition or disclosure in the accompanying financials or notes thereto.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

CRITICAL ACCOUNTING POLICIES AND ESTIMATES

A summary of the significant accounting policies that we have adopted and followed in the preparation of our consolidated financial statements is detailed in Note 1 of Notes to consolidated financial statements as of and for the three months ended June 30, 2023. Certain of these accounting policies require the use of estimates. In management's opinion, the estimate of useful lives of our plant and equipment are subjective in nature, require the exercise of judgment and involve complex analyses. These estimates are based on our knowledge and understanding of current conditions and actions we may take in the future. Changes in these estimates will occur as a result of the passage of time and the occurrence of future events. Subsequent changes in these estimates may have a significant impact on our financial condition and results of operations.

RESULTS OF OPERATIONS—THREE MONTHS ENDED JUNE 30, 2023 AND 2022

We operate our business and report our results of operations in seven principal business segments: (i) Gulf Coast terminals, (ii) Midwest terminals, (iii) Brownsville terminals including management of Frontera, (iv) River terminals, (v) Southeast terminals, (vi) West Coast terminals and (vii) Central services. Our Central services segment primarily represents the costs of employees performing operating oversight functions, engineering, health, safety and environmental services to our terminals and terminals that we operate. In addition, Central services represent the cost of employees at standalone affiliate terminals that we operate or manage. We receive a fee from these affiliates based on our costs incurred.

The following discussion and analysis of the results of operations and financial condition should be read in conjunction with the accompanying unaudited consolidated financial statements.

ANALYSIS OF REVENUE

Terminal revenue. We derive terminal revenue from our terminal operations by charging fees for providing integrated terminaling, transportation and related services.

The terminal revenue by category was as follows (in thousands):

Terminal Revenue by Category

	T	d June 30,		
		2023		2022
Terminaling services fees	\$	72,073	\$	71,044
Management fees		3,503		3,296
Terminal revenue	\$	75,576	\$	74,340

Product sales, gross margin. Our product sales revenue refers to the sale of refined and renewable products at our terminal in Tacoma, Washington. Product sales revenue pricing is contractually specified and is recognized at a point in time when our customers take control and legal title of the commodities purchased. Product sales revenue is recorded gross of cost of product sales, which includes product supply and transportation costs.

The product sales, gross margin was as follows (in thousands):

	Т	Three months ended June				
		2023		2022		
Product sales	\$	72,265	\$	108,195		
Cost of product sales		(68,643)		(103,709)		
Product sales, gross margin	\$	3,622	\$	4,486		

The decrease in product sales and cost of product sales for the three months ended June 30, 2023, is a result of decreased product sales volumes and prices in 2023.

The terminal revenue by business segment is presented and further analyzed below by category of revenue.

Terminal Revenue by Business Segment

	T	hree months	ende	1 June 30,
		2023		2022
Gulf Coast terminals	\$	21,367	\$	20,713
Midwest terminals		2,457		2,517
Brownsville terminals		6,218		6,266
River terminals		3,666		3,724
Southeast terminals		16,993		17,476
West Coast terminals		23,126		22,086
Central services		1,749		1,558
Terminal revenue	\$	75,576	\$	74,340

Terminaling services fees. Our terminaling services agreements are structured as either throughput agreements or storage agreements. Our throughput agreements contain provisions that require our customers to make minimum payments, which are based on contractually established minimum volume of throughput of the customer's product at our facilities over a stipulated period of time. Due to this minimum payment arrangement, we recognize a fixed amount of revenue from the customer over a certain period of time, even if the customer throughputs less than the minimum volume of product during that period. In addition, if a customer throughputs a volume of product exceeding the minimum volume, we would recognize additional revenue on this incremental volume. Our storage agreements require our customers to make minimum payments based on the volume of storage capacity available to the customer under the agreement, which results in a fixed amount of recognized revenue.

We refer to the fixed amount of revenue recognized pursuant to our terminaling services agreements as being "firm commitments." Revenue recognized in excess of firm commitments and revenue recognized based solely on the volume of product distributed or injected are referred to as "ancillary." In addition, "ancillary" revenue also includes fees received from ancillary services including heating and mixing of stored products, product transfer, railcar handling, butane blending, proceeds from the sale of product gains, wharfage and vapor recovery.

The terminaling services fees by business segments were as follows (in thousands):

Terminaling Services Fees by Business Segment

	T	hree months	s ended June 30,		
		2023		2022	
Gulf Coast terminals	\$	21,349	\$	20,697	
Midwest terminals		2,457		2,517	
Brownsville terminals		4,769		4,810	
River terminals		3,666		3,724	
Southeast terminals		16,717		17,221	
West Coast terminals		23,115		22,075	
Central services					
Terminaling services fees	\$	72,073	\$	71,044	

The increase in terminaling services fees at our West Coast terminals is primarily a result of placing growth projects into service during the fourth quarter of 2022 and contract escalations.

Included in terminaling services fees for the three months ended June 30, 2023 and 2022, are fees charged to affiliates of approximately \$3.2 million and \$2.6 million, respectively.

The "firm commitments" and "ancillary" revenue included in terminaling services fees were as follows (in thousands):

Firm Commitments and Ancillary Revenue

	Т	Three months	endeo	ended June 30,		
		2023		2022		
Firm commitments	\$	56,524	\$	54,730		
Ancillary		15,549		16,314		
Terminaling services fees	\$	72,073	\$	71,044		

The remaining terms on the terminaling services agreements that generated "firm commitments" for the three months ended June 30, 2023 are as follows (in thousands):

Less than 1 year remaining	\$ 20,354	36%
1 year or more, but less than 3 years remaining	18,715	33%
3 years or more, but less than 5 years remaining	7,762	14%
5 years or more remaining ⁽¹⁾	9,693	17%
Total firm commitments for the three months ended June 30, 2023	\$ 56,524	

(1) We have a terminaling services agreement with a third party relating to our Southeast terminals that will continue unless and until the third party provides at least 24 months' prior notice of its intent to terminate the agreement. Effective at any time from and after July 31, 2040, we have the right to terminate the agreement by providing at least 24 months' prior notice of our intent to terminate the agreement. We do not believe the third party will terminate the agreement prior to July 31, 2040; therefore we have presented the firm commitments related to this terminaling services agreement in the 5 years or more remaining category in the table above.

Management fees. We manage and operate certain tank capacity at our Port Everglades South terminal for a major oil company and receive a reimbursement of its proportionate share of operating and maintenance costs. We manage and operate the Frontera joint venture and receive a management fee based on our costs incurred. We lease land under operating leases as the lessor or sublessor with third parties and affiliates. We manage and operate rail sites at certain Southeast terminals on behalf of a major oil company and receive reimbursement for operating and maintenance costs. We manage and operate the SeaPort Midstream joint venture and receive a management fee based on our costs incurred. We also manage additional terminal facilities that are owned by affiliates of ArcLight, including Lucknow-Highspire Terminals, LLC, which operates terminals throughout Pennsylvania encompassing approximately 9.9 million barrels of storage capacity and we receive a management fee based on our costs incurred.

The management fees by business segments were as follows (in thousands):

Management Fees by Business Segment

	T	hree months	s ended June 30,		
		2023		2022	
Gulf Coast terminals	\$	18	\$	16	
Midwest terminals				—

West Coast terminals		11		11	
Central services		1,749		1,558	
Management fees	\$	3,503	\$	3,296	

Included in management fees for the three months ended June 30, 2023 and 2022, are fees charged to affiliates of approximately \$3.2 million and \$3.0 million, respectively.

ANALYSIS OF COSTS AND EXPENSES

The operating costs and expenses of our operations include wages and employee benefits, utilities, communications, repairs and maintenance, rent, property taxes, vehicle expenses, environmental compliance costs, materials and supplies needed to operate our terminals. Consistent with historical trends across our terminaling and transportation facilities, repairs and maintenance expenses can vary from period to period based on project maintenance schedules and other factors such as weather.

The operating costs and expenses of our operations were as follows (in thousands):

Operating Costs and Expenses

	 Three months	is ended June 30,		
	 2023		2022	
Wages and employee benefits	\$ 14,069	\$	12,975	
Utilities and communication charges	3,718		3,202	
Repairs and maintenance	2,844		3,089	
Property taxes and rentals	4,927		4,598	
Vehicles and fuel costs	355		355

Additive detergent costs	1,105		1,047	
Contract services	839		606	
Other	747		1,020	
Operating costs and expenses	\$ 29,746	\$	28,194	

The operating costs and expenses of our business segments were as follows (in thousands):

Operating Costs and Expenses by Business Segment

	Th	ree months	ended June 30,	
		2023		2022
Gulf Coast terminals	\$	5,503	\$	5,003
Midwest terminals		461		449
Brownsville terminals		2,436		2,376
River terminals		1,759		1,564
Southeast terminals		5,999		6,202
West Coast terminals		9,065		8,658
Central services		4,523		3,942
Operating costs and expenses	\$	29,746	\$	28,194

General and administrative expenses cover the costs of corporate functions such as legal, accounting, treasury, insurance administration and claims processing, information technology, human resources, credit, payroll, taxes and other corporate services. General and administrative expenses also include third party accounting costs associated with annual and quarterly reports and tax return preparation and distribution, and legal fees. The general and administrative expenses were approximately \$7.1 million and \$7.7 million for the three months ended June 30, 2023 and 2022, respectively.

Insurance expenses include charges for insurance premiums to cover costs of insuring activities such as property, casualty, pollution, automobile, directors' and officers' liability, and other insurable risks. For both of the three months ended June 30, 2023 and 2022, the expense associated with insurance was approximately \$1.7 million.

Deferred compensation expense includes expense associated with awards granted to certain employees who provide service to us that vest over future service periods. The expense associated with these deferred compensation awards was approximately \$0.8 million for both of the three months ended June 30, 2023 and 2022.

For both of the three months ended June 30, 2023 and 2022, depreciation and amortization expense was approximately \$17.6 million.

For the three months ended June 30, 2023 and 2022, interest expense was approximately \$6.8 million and \$14.3 million, respectively. The decrease in interest expense is attributable to an approximately \$17.3 million unrealized gain on our interest rate swap agreements offset by increases in interest rates.

ANALYSIS OF INVESTMENTS IN UNCONSOLIDATED AFFILIATES

Our investments in unconsolidated affiliates include a 42.5% Class A ownership interest in BOSTCO, a 30% ownership interest in Olympic Pipeline Company, a 51% ownership interest in SeaPort Midstream and a 50% ownership interest in Frontera. BOSTCO is a terminal facility located on the Houston Ship Channel that encompasses approximately 7.1 million barrels of distillate, residual and other black oil product storage. Class A and Class B ownership interests in BOSTCO share in cash distributions on a 96.5% and 3.5% basis, respectively. Class B ownership interests do not have voting rights and are not required to make capital investments. Olympic Pipeline Company is a 400-mile interstate refined petroleum products pipeline system running from Blaine, Washington to Portland, Oregon and a refined and renewable products terminal in Bayview, Washington. SeaPort Midstream is two terminal facilities located in Seattle, Washington and Portland, Oregon that encompasses approximately 1.3 million barrels of refined and renewable product storage. Frontera is a terminal facility located in Brownsville, Texas that encompasses approximately 1.7 million barrels of light petroleum product storage, as well as related ancillary facilities.

Earnings from investments in unconsolidated affiliates was as follows (in thousands):

	Th	ree months	ended	June 30,				
		2023		2023		2023		2022
BOSTCO	\$	941	\$	1,505				
Olympic Pipeline Company		568		1,175				
SeaPort Midstream		1,040		388				
Frontera		143		561				
Total earnings from investments in unconsolidated affiliates	\$	2,692	\$	3,629				

Cash distributions received from unconsolidated affiliates was as follows (in thousands):

	Three months ended Jun				
		2023	2022		
BOSTCO	\$	3,362	\$	2,127	
Olympic Pipeline Company		720		2,237	
SeaPort Midstream		—			
Frontera		70		355	
Cash distributions received from unconsolidated affiliates	\$	4,152	\$	4,719	

RESULTS OF OPERATIONS—SIX MONTHS ENDED JUNE 30, 2023 AND 2022

We operate our business and report our results of operations in seven principal business segments: (i) Gulf Coast terminals, (ii) Midwest terminals, (iii) Brownsville terminals including management of Frontera, (iv) River terminals, (v) Southeast terminals, (vi) West Coast terminals and (vii) Central services. Our Central services segment primarily represents the costs of employees performing operating oversight functions, engineering, health, safety and environmental services to our terminals and terminals that we operate. In addition, Central services represent the cost of

employees at standalone affiliate terminals that we operate or manage. We receive a fee from these affiliates based on our costs incurred.

The following discussion and analysis of the results of operations and financial condition should be read in conjunction with the accompanying unaudited consolidated financial statements.

ANALYSIS OF REVENUE

Terminal revenue. We derive terminal revenue from our terminal operations by charging fees for providing integrated terminaling, transportation and related services.

The terminal revenue by category was as follows (in thousands):

Terminal Revenue by Category

	Six months e	nded June 30,
	2023	2022
Terminaling services fees	\$ 146,302	\$ 142,691
Management fees	7,589	6,700
Terminal revenue	\$ 153,891	\$ 149,391

Product sales, gross margin. Our product sales revenue refers to the sale of refined and renewable products at our terminal in Tacoma, Washington. Product sales revenue pricing is contractually specified and is recognized at a point in time when our customers take control and legal title of the commodities purchased. Product sales revenue is recorded gross of cost of product sales, which includes product supply and transportation costs.

The product sales, gross margin was as follows (in thousands):

	 Six months e	June 30,	
	2023		2022
Product sales	\$ 133,694	\$	179,874
Cost of product sales	(127,969)		(173,162)
Product sales, gross margin	\$ 5,725	\$	6,712

Six months and ad June 20

The decrease in product sales and cost of product sales for the six months ended June 30, 2023, is a result of decreased product sales volumes and prices in 2023.

The terminal revenue by business segment is presented and further analyzed below by category of revenue.

Terminal Revenue by Business Segment

	 Six months e	nded June 30,	
	 2023		2022
Gulf Coast terminals	\$ 43,375	\$	42,352
Midwest terminals	5,671		5,046
Brownsville terminals	12,688		12,746
River terminals	7,161		7,288
Southeast terminals	34,418		35,170
West Coast terminals	46,686		43,635
Central services	3,892		3,154
Terminal revenue	\$ 153,891	\$	149,391

Terminaling services fees. Our terminaling services agreements are structured as either throughput agreements or storage agreements. Our throughput agreements contain provisions that require our customers to make minimum payments, which are based on contractually established minimum volume of throughput of the customer's product at our facilities over

a stipulated period of time. Due to this minimum payment arrangement, we recognize a fixed amount of revenue from the customer over a certain period of time, even if the customer throughputs less than the minimum volume of product during that period. In addition, if a customer throughputs a volume of product exceeding the minimum volume, we would recognize additional revenue on this incremental volume. Our storage agreements require our customers to make minimum payments based on the volume of storage capacity available to the customer under the agreement, which results in a fixed amount of recognized revenue.

We refer to the fixed amount of revenue recognized pursuant to our terminaling services agreements as being "firm commitments." Revenue recognized in excess of firm commitments and revenue recognized based solely on the volume of product distributed or injected are referred to as "ancillary." In addition, "ancillary" revenue also includes fees received from ancillary services including heating and mixing of stored products, product transfer, railcar handling, butane blending, proceeds from the sale of product gains, wharfage and vapor recovery.

The operating costs and expenses of our business segments were as follows (in thousands):

Operating Costs and Expenses by Business Segment

	Six months ended June			
	2023	2022		
Gulf Coast terminals	\$ 11,557	\$ 10,966		
Midwest terminals	958	918		
Brownsville terminals	5,028	4,999		
River terminals	3,481	3,220		
Southeast terminals	12,180	12,856		
West Coast terminals	19,069	17,649		
Central services	9,378	8,388		
Operating costs and expenses	\$ 61,651	\$ 58,996		

General and administrative expenses cover the costs of corporate functions such as legal, accounting, treasury, insurance administration and claims processing, information technology, human resources, credit, payroll, taxes and other corporate services. General and administrative expenses also include third party accounting costs associated with annual and quarterly reports and tax return preparation and distribution, and legal fees. The general and administrative expenses were approximately \$15.2 million and \$15.5 million for the six months ended June 30, 2023 and 2022, respectively.

Insurance expenses include charges for insurance premiums to cover costs of insuring activities such as property, casualty, pollution, automobile, directors' and officers' liability, and other insurable risks. For the six months ended June 30, 2023 and 2022, the expense associated with insurance was approximately \$3.4 million and \$3.3 million, respectively.

Deferred compensation expense includes expense associated with awards granted to certain employees who provide service to us that vest over future service periods. The expense associated with these deferred compensation awards was approximately \$2.4 million and \$2.2 million for the six months ended June 30, 2023 and 2022, respectively.

For the six months ended June 30, 2023 and 2022, depreciation and amortization expense was approximately \$35.5 million and \$35.1 million, respectively.

For the six months ended June 30, 2023 and 2022, interest expense was approximately \$38.0 million and \$28.9 million, respectively. The increase in interest expense is attributable to increases in interest rates offset by an approximately \$9.7 million unrealized gain on our interest rate swap agreements.

ANALYSIS OF INVESTMENTS IN UNCONSOLIDATED AFFILIATES

Our investments in unconsolidated affiliates include a 42.5% Class A ownership interest in BOSTCO, a 30% ownership interest in Olympic Pipeline Company, a 51% ownership interest in SeaPort Midstream and a 50% ownership interest in Frontera. BOSTCO is a terminal facility located on the Houston Ship Channel that encompasses approximately 7.1 million barrels of distillate, residual and other black oil product storage. Class A and Class B ownership interests in BOSTCO share in cash distributions on a 96.5% and 3.5% basis, respectively. Class B ownership interests do not have voting rights and are not required to make capital investments. Olympic Pipeline Company is a 400-mile interstate refined petroleum products pipeline system running from Blaine, Washington to Portland, Oregon and a refined and renewable products terminal in Bayview, Washington. SeaPort Midstream is two terminal facilities located in Seattle, Washington and Portland, Oregon that encompasses approximately 1.3 million barrels of refined and

renewable product storage. Frontera is a terminal facility located in Brownsville, Texas that encompasses approximately 1.7 million barrels of light petroleum product storage, as well as related ancillary facilities.

Earnings from investments in unconsolidated affiliates was as follows (in thousands):

	Six months ended June 30				
		2023	2022		
BOSTCO	\$	1,795	\$	2,307	
Olympic Pipeline Company		1,283		3,358	
SeaPort Midstream		1,435		550	
Frontera		128		642	
Total earnings from investments in unconsolidated affiliates	\$	4,641	\$	6,857	

The decrease in earnings from our investment in Olympic Pipeline Company for the six months ended June 30, 2023 is attributable to decreased tariff rates and volumes shipped on the pipeline.

The increase in earnings from our investment in SeaPort Midstream for the six months ended June 30, 2023 is attributable to increased capacity commitments and increased throughput volumes.

Additional capital investments in unconsolidated affiliates for the funding of growth projects was as follows (in thousands):

	Six months ended June 30			
		2023		2022
BOSTCO	\$		\$	
Olympic Pipeline Company		_		_
SeaPort Midstream		—		
Frontera		500		_
Additional capital investments in unconsolidated affiliates	\$	500	\$	

Cash distributions received from unconsolidated affiliates was as follows (in thousands):

	Six months ended June 30				
		2023	2022		
BOSTCO	\$	6,380	\$	4,176	
Olympic Pipeline Company		720		4,704	
SeaPort Midstream		_		_	
Frontera		70		355	
Cash distributions received from unconsolidated affiliates	\$	7,170	\$	9,235	

LIQUIDITY AND CAPITAL RESOURCES

Our primary liquidity needs are to fund our debt service obligations, working capital requirements and capital projects, including additional investments and expansion, development and acquisition opportunities. We expect to fund any additional investments, capital projects and future expansion, development and acquisition opportunities with cash flows from operations and additional borrowings under our revolving credit facility.

Net cash provided by (used in) operating activities, investing activities and financing activities were as follows (in thousands):

	Six months ended June 30,				
		2023	2022		
Net cash provided by operating activities	\$	39,468	\$	40,180	
Net cash used in investing activities	\$	(24,026)	\$	(51,392)	
Net cash provided by (used in) financing activities	\$	(19,352)	\$	4,136	

The approximately \$27.4 million decrease in net cash used in investing activities is primarily related to a \$25 million affiliate loan to our indirect parent, Pike Petroleum Holdings, LLC, on March 30, 2022. The affiliate loan was repaid with interest on November 30, 2022.

Additional investments and expansion capital projects at our terminals have been approved and currently are, or will be, under construction with estimated completion dates through 2025. At June 30, 2023, the remaining expenditures to complete the approved projects are estimated to be approximately \$30 million. These expenditures primarily relate to the construction costs associated with the expansion of our Southeast and West Coast operations.

The approximately \$23.5 million change in net cash provided by (used) in financing activities is primarily related to an approximately \$56 million increase in net borrowings under our revolving credit facility to fund a \$75 million distribution to TLP Finance Holdings, LLC for debt service in February 2023.

Credit agreement. On November 17, 2021, the Company and TransMontaigne Operating Company L.P., our wholly owned subsidiary, entered into the Credit Agreement for a \$1 billion senior secured term loan and a \$150 million revolving credit facility, with a letter of credit subfacility of \$35 million. The senior secured term loan will mature on November 17, 2028 and the revolving credit facility will terminate (a) on November 14, 2025 in the event our 6.125% senior notes due in 2026 are not refinanced on or prior to such date or (b) in the event the senior notes have been refinanced on or prior to November 14, 2025, the earlier of (i) the new maturity date of the refinanced senior notes and (ii) November 17, 2026. Our obligations under the Credit Agreement are guaranteed by the Company, TransMontaigne Operating Company L.P. and all of its subsidiaries, and secured by a first priority security interest in favor of the lenders in substantially all of the Company's, TransMontaigne Operating Company L.P.'s and all of its subsidiaries' assets, including our investments in unconsolidated affiliates.

We may elect to have loans under the Credit Agreement bear interest, at either an adjusted LIBOR through June 9, 2023, thereafter, a Term SOFR plus .11448% (subject to a 0.50% floor) plus an applicable margin of 3.50% or an alternate base rate plus an applicable margin of 2.50% per annum. We are also required to pay (i) a letter of credit fee of 3.50% per annum on the aggregate face amount of all outstanding letters of credit, (ii) to the issuing lender of each letter of credit, a fronting fee of no less than 0.125% per annum on the outstanding amount of each such letter of credit and (iii) commitment fees of 0.50% per annum on the daily unused amount of the revolving credit facility, in each case quarterly in arrears.

The Credit Agreement contains various covenants, including, but not limited to, limitations on the incurrence of indebtedness, permitted investments, liens on assets, making distributions, transactions with affiliates, mergers, consolidations, dispositions of assets and other provisions customary in similar types of agreements. The Credit Agreement requires compliance with (a) a debt service coverage ratio of no less than 1.1 to 1.0 and (b) if the aggregate outstanding amount of all revolving loans and drawn letters of credit exceeds an amount equal to 35% of the aggregate revolving commitments, a consolidated senior secured net leverage ratio of no greater than 6.75 to 1.00. We were in compliance with all financial covenants as of and during the three and six months ended June 30, 2023 and the year ended December 31, 2022.

If we were to fail a financial performance covenant, or any other covenant contained in the Credit Agreement, we would seek a waiver from our lenders under such facility. If we were unable to obtain a waiver from our lenders and the default remained uncured after any applicable grace period, we would be in breach of the Credit Agreement, and the lenders would be entitled to declare all outstanding borrowings immediately due and payable.

Senior notes. On February 12, 2018, the Company and TLP Finance Corp., our wholly owned subsidiary, issued at par \$300 million of 6.125% senior notes, due in 2026. The senior notes remain outstanding and the Company is voluntarily filing with the Securities and Exchange Commission pursuant to the covenants contained in the senior notes. The senior notes contain customary covenants (including those relating to our voluntary filing of this report and certain restrictions and obligations with respect to types of payments we may make, indebtedness we may incur, transactions we may pursue, or changes in our control) and customary events of default (including those relating to monetary defaults, covenant defaults, cross defaults and bankruptcy events). We may, at any time and from time to time, seek to retire or purchase our outstanding debt through cash purchases, open-market purchases, privately negotiated transactions or otherwise. Such repurchases, if any, will be upon such terms and at such prices as we may determine, and will depend on prevailing market conditions, our liquidity requirements, contractual restrictions and other factors. The amounts involved may be material.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

The information contained in this Item 3 updates, and should be read in conjunction with, information set forth in Part II, Item 7A of our Annual Report on Form 10-K, filed on March 10, 2023 in addition to the interim unaudited consolidated financial statements, accompanying notes and Management's Discussion and Analysis of Financial Condition and Results of Operations presented in Part 1, Items 1 and 2 of this Quarterly Report on Form 10-K. There are no material changes in the market risks faced by us from those reported in our Annual Report on Form 10-K for the year ended December 31, 2022.

Market risk is the risk of loss arising from adverse changes in market rates and prices. A principal market risk to which we are exposed is interest rate risk associated with borrowings under the Credit Agreement. Borrowings under the

Credit Agreement bear interest at either an adjusted LIBOR through June 9, 2023, thereafter, a Term SOFR plus .11448% (subject to a 0.50% floor) plus an applicable margin of 3.50% or an alternate base rate plus an applicable margin of 2.50% per annum. We manage a portion of our interest rate risk with interest rate swaps, which reduce our exposure to changes in interest rates by converting variable interest rates to fixed interest rates. At June 30, 2023, \$500 million of our outstanding borrowings under the Credit Agreement was converted from variable interest rates to fixed interest rates with interest rate swap agreements that expire August 18, 2026. Pursuant to the terms of the interest rate swap agreements, we pay a blended fixed rate and receive interest payments based on the one-month LIBOR through July 17, 2023. Thereafter, we pay a blended fixed rate and will receive interest payments based on the one-month Term SOFR or OIS compound SOFR. The net difference to be paid or received under the interest rate swap agreements will be settled monthly and recognized as an adjustment to interest expense. At June 30, 2023, we had outstanding borrowings of \$1,065.6 million under the Credit Agreement. Based on the outstanding balance of our variable-interest-rate debt, assuming market interest rates increase or decrease by 100 basis points, the potential annual increase or decrease in interest expense is approximately \$5.7 million.

We sell refined and renewable products to major fuel producers and marketers in the Pacific Northwest at our terminal in Tacoma, Washington. Our direct exposure to changes in commodity prices is limited to these product sales and the value of product gains and losses arising from terminaling services agreements with certain customers, which accounts for a small portion of our revenue. We do not use derivative commodity instruments to manage the commodity risk associated with the product we may own at any given time.

ITEM 4. CONTROLS AND PROCEDURES

We maintain disclosure controls and procedures that are designed to ensure that information required to be disclosed by us in the reports that we file or submit to the Securities and Exchange Commission under the Securities Exchange Act of 1934, as amended, is recorded, processed, summarized and reported within the time periods specified by the Commission's rules and forms, and that information is accumulated and communicated to the management of the Company, including the Company's principal executive and principal financial officer (whom we refer to as the Certifying Officers), as appropriate to allow timely decisions regarding required disclosure. The management of the Company evaluated, with the participation of the Certifying Officers, the effectiveness of our disclosure controls and procedures as of June 30, 2023, pursuant to Rule 13a-15(b) under the Exchange Act. Based upon that evaluation, the Certifying Officers concluded that, as of June 30, 2023, our disclosure controls and procedures were effective. There were no changes in our internal control over financial reporting that occurred during our most recently completed fiscal quarter that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Part II. Other Information

ITEM 1. LEGAL PROCEEDINGS

See Part I, Item 1, Note 12 to our unaudited consolidated financial statements entitled "Legal proceedings" which is incorporated into this item by reference.

ITEM 1A. RISK FACTORS

In addition to the other information set forth in this report, you should carefully consider the risk factors and other cautionary statements described under the heading "Item 1A. Risk Factors" included in our Annual Report on Form 10-K filed on March 10, 2023, which could materially affect our business, financial condition, or future results. Additional risks and uncertainties not currently known to us or that we currently deem to be immaterial also may materially adversely affect our business, financial condition, or future results.

There have been no material changes from risk factors as previously disclosed in our Annual Report on Form 10-K for the year ended December 31, 2022, filed on March 10, 2023.

ITEM 6. EXHIBITS

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, the Registrant has duly caused this report to be signed on its behalf by the undersigned thereunto duly authorized.

Date: August 14, 2023

TRANSMONTAIGNE PARTNERS LLC

By: /s/ FREDERICK W. BOUTIN Frederick W. Boutin Chief Executive Officer

By:

Robert T. Fuller Chief Financial Officer

/s/ Robert T. Fuller

Certification Pursuant to Section 302 of the Sarbanes-Oxley Act of 2002

I, Frederick W. Boutin, Chief Executive Officer of TransMontaigne Partners LLC, a Delaware limited liability company (the "registrant"), certify that:

- 1. I have reviewed this Quarterly Report on Form 10-Q of TransMontaigne Partners LLC for the fiscal quarter ended June 30, 2023;
- 2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
- 3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
- 4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
- 5. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
